TIGHT BINDING

Thursday. January 19, 1871.

War is but a means to an end; and

the end is peace. In like manner all the

writing, speeches, meetings, conventions,

leagues, elections, and controversy respecting Confederation have been but a means to the peaceful adoption of the

Terms of Union with Canada. For years

this country has gone through all the

phases of political agitation on that sub-

ject; but yesterday it finally ended. The Council was unanimous for Confed-

eration; and unlike the Eastern Provin-

British Columbia with the Dominion and in favor of the consolidation of all Brit

ish North America. It was not that

there was not room for differences of opin-

fon; for there was abundant material on which to base legitimate differences of opinion. But to keep alive those differ-

ences was to keep open the question of

Union for a longer period than was desir-

able for the common good. The temper

of the public mind too demanded as 'It

has always done immediate Union. To

been disposed to the contrary, it would

have been useless, for the Terms were

presented in that form that to amend

would be to jeopardise and delay the

whole Hence the common verdict of

the community is that the better course has been adopted to let them pass as they came down from the Executive. We

may therefore congratulate the country,

and particularly those who have labored constantly for Confederation from the

first, that success has crowned their

labore. But above all it is a still greater

gratification to find that those formerly

enemies have become friends of Confeder-

ation and assisted in bringing it to an unanimous and highly satisfactory con-

section of this community has become its

salvation, and has raised the entire country to a financial and political posi-

tion to which it could never have attain-

For 24 years I suffered with neuralgia on the brain, which baffied the skull of three first-class American physicians. Latterly bronehitis attacked my right lung, and my eyes be same awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises two loudly, so that all my countrymen similarly affected may visit him and find rollet, Respectfully,

JOHN HENTON, of Kentucky, U. S.
